Mission Statement

VISIONS/Services for the Blind and Visually Impaired is a nonprofit rehabilitation and social service organization whose purpose is to develop and implement programs to:

- ♦ assist people of all ages who are blind or visually impaired to lead independent and active lives in their homes and communities,
and
- ♦ educate the public to understand the capabilities and needs of people who are blind or visually impaired so that they may be integrated into all aspects of community life.

VISIONS serves over 5,000 individuals annually. Programs focus on individuals with low income in the Greater New York Area who are blind or visually impaired, including those with multiple disabilities, elders, limited-English speakers and culturally diverse consumers.

VISIONS/Services for the Blind & Visually Impaired meets all of the BBB Wise Giving Standards and is an accredited charity and member of the BBB seal program for Charity Accountability.
